C.P.R. 174 C 417/53-58 of 69 53-

Forwarded proposals, re. Cement-Concreting
of Irwin Road

The M. Comm. Mysore at their meeting held
on 5.9.55 have resolved recommending
sanction to the estimate for Rs. 61,500/-
for Cement-Concreting Irwin Road from
junction of College Circle to the junction
of B.M. Road and requesting Govt. to sanction
half the cost of the estimate as grant.

1) The M. Comm. has requested order of Govt.
sanctioning the estimate and also a grant
equal to half the cost of the estimate.

The question of giving grant may be
considered later on after the estimate is
for sanctioning by the Chief Engineer.

2) If approved, the file will be referred
officially to the Chief Engineer.

CITY MUNICIPAL COUNCIL,
P B No 17

Mysore, Dated 6th Sept. 1955

FROM

THE MUNICIPAL COMMISSIONER

City Municipal Council

MYSORE

To

The Secretary to Government,
L S G & Education Departments,
Government of Mysore, Bangalore 1
(Through the President)

Sir,

Subject Cement concreting of Irwin road

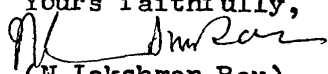

During the year 1953-54 a proposal had been sent to Government for cement concreting Dhanvantri road and Old Santhepet road at a cost of Rs 99,850/- and the Government were requested to accord sanction to the estimate and to meet half the cost by way of grant. The Government, in their Order No L 7317-20/CM 79-53-6 dated 23/24th Sept 1953 were pleased to sanction the estimates and the proposal of the council to meet half the cost, namely, Rs 49,925/- The cement concreting of both the roads has been completed. In my letter No C2 PR 48/54-55 dated 8/9th May 1954 I had pointed out that Dhanvantri road was the first road in the city to be cement concreted, and therefore the Council felt that to save the huge recurring expenditure on repairs of important roads, it would be worthwhile taking up cement concreting such roads which carry heavy traffic according to a well-planned programme, and that, in the order of importance, Sayyajirao road comes first. With the letter referred to, an estimate for Rs 1,10,000/- for cement concreting Sayyajirao Road from Government Ayurvedic College circle to Curzon ^{gate} ~~Gate~~ and all round Dufferin clock tower, was also sent. The Government in their Order No L 5684-95/CM 90-54-1 dated 11/13th August 1954 were pleased to sanction a grant of Rs 30,000/- for the work. In their Order No L 8266-68/CM 18-54-6 dated the 8th Oct 1954, the estimate was sanctioned and the work is under completion.

✓
 . After Sayyajirao Road, the next road which requires permanent improvement, namely, cement concreting, happens to be Irwin road, the bit between Visveswaraya circle (near Sri Chamarajendra Technical Institute) and the Bangalore-Miligiri road. Therefore an estimate was placed before the Works Committee and the Council for Rs 61500/- for cement concreting of this road. The road is 2740 ft in length and provision has been made to concrete a width of 22' of the surface and all round Nehru Circle. At present the road is tarred and on account of very heavy traffic, the surface is wearing out fast.

On the recommendation of the Works Committee, the Council approved the estimate and further resolved that the Government may be requested kindly to meet half the cost as they did in the case of Dhanvantri and Santhepet roads. Copies of the resolution of the Works Committee and the Council are enclosed.

As it would be in the interest of the municipality to cement concrete important roads every year, I request you kindly to obtain orders of Government sanctioning the estimate and also a grant equal to half the cost of the estimate. As regards municipal quota, provision will be made in the Budget for 1956-57 under D1 Tarring and Cement Concreting.

I request the favour of early orders of Government in the matter.

Yours faithfully,

 (N Lakshman Rau)
 Municipal Commissioner

Forwarded with compliments

 (K Puttaswamy)
 President
